*The theme is still charity and youth! This is very engrained into South Seminole Lodge No 364 and it will never change. We strive to grow our support for Teachers, food banks, and now, I would like to proudly announce a group lodge decision to help foster children! The lodges of the proud 17th have come together to build on an idea that would pave the way for a foster child who has the potential and the drive, no matter what the child's background is, to better himself or herself and predicate that any Freemason should be proud that he stood at the door and held it open for that next generation. This we do so that they could seize for themselves the same benefit that our youth strive for everyday.*
