Non-Masons Please Retire to the Dining Room

With Respect To Tradition

Our goals for this year will be focused on Charity, Membership, Communication and Respect. Taking care of those around us is our duty as Masons. We must continue to make charity a priority in our lodge. As we move forward we will develop new ways to reach out to our community. I am excited to see what the new year will hold. Membership will again be another focus of our lodge. We must ensure that we are here into the future. Membership development must be intentional and well planned out. We all have a hand in ensuring the future of our great fraternity. Communication is key to a well run lodge. Every member is encouraged to speak their mind, however respect must always be at the heart of our communication. There will always be challenges however if we have open respectful communication with one another there is nothing this lodge cannot accomplish.

We have a great line of officers for this year as a team we will accomplish great things.
